

Manifesting Cheque

©Elizabeth Joy

This Manifesting Cheque can be used in conjunction with Elizabeth's CD Meditations For Manifesting. And was created by her to help people help themselves co-create with Universal Energies more consciously. Elizabeth has shared this cheque in her workshops and presentations with many people who have used it with wonderful results.

This cheque can be used to create in any area of your life be it health, relationships, career or money. You don't have to know exactly how things will manifest ... just know they are ... this is one of the most exciting parts of the process. But this involves **TRUST** and **FAITH** on your part.

The process of all creation is **ASK, BELIEVE, RECEIVE**. What you consistently Ask and Believe, you will naturally Receive. But remember doubt, fear and worry can block or slow down the process.

Remember we create lasting happiness when we create for the highest good of ourselves and others.
